And various other stuff I forgot to write down.

2 Status of Deliverables

LCG1 is close to done. DPE2_1 DGT testing to begin on Monday, September 8.

3   Plans For Next Month

Finish LCG1 Test DPE2_1 on DGT Install and test DPE2_1 on IGT Prepare Rocks for new nodes. Back port old nodes to Rocks. Test Rocks 3.0.0

4   Resources Needed

It has come to my attention that despite all the trips to Europe, insufficient amounts of dark European chocolate fail to appear on the desk of the system administrator who manages the CMS resources. Clearly, this needs to be remedied.
